1.0 COMPANY OVERVIEW

Milo International Limited (Milo) is a **100% Papua New Guinea owned** procurement and construction engineering company established in 2020 and based in Port Moresby. Milo has provided procurement services exclusively to **Exxon Mobil** for over 4 years supplying specialized tools, equipment and consumables totalling over **K400,000.00** in value. Apart from procurement, Milo also possesses expertise and capabilities in light construction and minor civil works.

2.0 VISION, MISSION & VALUES

2.1 Our Vision

To become a leading and trusted Papua New Guinea company in procurement, construction, and supply services, delivering reliable, high-quality solutions that support national development and industry growth.

2.2 Our Mission

To deliver reliable, cost-effective procurement and construction solutions to corporate clients in Papua New Guinea by combining technical expertise, operational efficiency, and a commitment to quality, safety, and integrity

2.3 Our Values

I. Timeliness & Reliability

We understand that timely delivery is critical to our clients' operations. We are committed to meeting agreed timelines and ensuring dependable execution of procurement and construction activities without unnecessary delays.

II. Quality & Standards

We are dedicated to delivering high-quality services and sourcing the best available products that meet client specifications and industry standards. Quality assurance is embedded in every stage of our work.

III. Discipline & Professionalism

We maintain a high level of discipline, accountability, and professionalism in all engagements. Our team operates with structured processes, clear communication, and respect for client protocols and safety requirements.

IV. Integrity & Accountability

We conduct our business with honesty, transparency, and ethical responsibility. We take ownership of our commitments and ensure accountability in every project and transaction.

V. Safety & Compliance

We prioritize safety and compliance in all procurement and construction activities. Our operations are aligned with relevant regulatory, environmental, and industry requirements to ensure risk is minimized for our clients.

VI. Local Expertise & Commitment

As a 100% Papua New Guinea owned company, we understand the local operating environment and are committed to supporting national development while delivering world-class services.

3.0 SERVICES OFFERED

By offering both **procurement** and **construction** services, we aim to deliver the complete end-to-end outcome for our clients.

3.1 Procurement & Supply

Procurement and supply have been our key business since inception. Our focus has been on the procurement of **specialized tools, equipment** and **consumable items** from **within PNG and abroad**, and we ensure timely **delivery** of items to our client's preferred address.

For over 4 years we have been a supplier to **Exxon Mobil**, ensuring timely and cost-effective delivery of items to them. You can refer to Appendix A for samples of items we've procured and supplied, and Appendix B for a copy of a recent purchase order worth over **K25,000**.

3.2 Construction & Maintenance

On clients' requests we've also progressed into construction and maintenance work after procurement of construction materials. Currently our focus is on **building maintenance, light constructions** and **renovations**, and **minor civil works**. Please refer to Appendix C for an overview of two of our recent projects within Port Moresby.

Our services include but are not limited to the following.

- **Construction**
 - Buildings ranging from small sheds to standalone buildings
 - Fencing including chain link, mesh, spike fencing, etc.
 - Retainment wall structures, e.g. stone walls, concrete, cinder block
 - Drainage structures
 - Welding and joinery
 - Painting and varnishing
- **Maintenance**
 - Light building renovations
 - Electrical, plumbing and carpentry works
- **Installations**
 - Air conditioning
 - Electrical appliances such as lightings, fans, etc.
 - Back-up generators
 - Back-up water tanks
 - Sewage tanks

3.3 Other Services

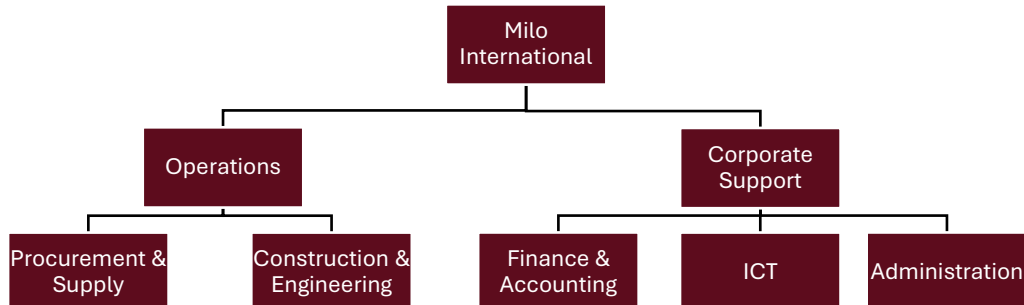

In addition, we also provide the following services:

- Surveying (engineering, topographic, cadastral)
- Project management
- Structural engineering and architectural designs

4.0 COMPANY STRUCTURE

Our company structure is set up to ensure we effectively deliver to our clients' expectations while at the same time maintaining Milo as a legitimate and compliant business.

5.0 MANAGEMENT & TEAM

5.1 Management

William Kipit – Managing Director

Mr. **William Kipit** is the founder and Managing Director of Milo. He possesses a **bachelor's degree in Civil Engineering** from the PNG University of Technology. William actively manages the company, overseeing all procurement and supply services. He also leverages his professional qualifications and experience, to also oversee all construction, maintenance and engineering work.

5.2 Construction Team

Our construction Team is made up of up to **10 tradesmen and general labourers** who are led by two experienced foremen – Augustine Selan and Jonathan Kipit.

Augustine Selan – Building and Construction Foreman

- **Experience:** 20+ years in building and construction.
- **Role:** Oversees all on-site construction activities, ensuring projects are delivered safely, on time, and to specification.
- **Background:** A highly well-rounded professional with extensive experience across a variety of building and construction sites. His deep industry knowledge makes him an expert in coordinating teams and managing complex site operations.

Jonathan Kipit – Multi-Skilled Tradesman Electrician

- **Education:** Certificate 2 in Electrical Trade from the Port Moresby Technical College (2014).
- **Experience:** Over 10 years of hands-on experience in various trades.
- **Versatility:** In addition to his electrical background, Jonathan is highly skilled in plumbing, carpentry and construction. His diverse technical toolkit allows him to handle a wide range of maintenance and installation tasks with efficiency and precision.

5.3 Corporate Support

We engage qualified professional services externally to ensure that our business operations remain compliant and run smoothly.
